

# WANT TO MAKE A DIFFERENCE?

## JOIN THE NORTH MISSISSIPPI VISTA PROJECT!

The North Mississippi VISTA Project invites passionate individuals to fight poverty as Volunteers in Service to America (VISTAs). VISTAs serve full-time for one-year or summer-long terms with schools, non-profits, and at the University of Mississippi on projects that promote capacity building, sustainable solutions, actionable partnerships, and community empowerment.

### Financial support

Monthly stipend to help with living expenses, an end of service education award, and other benefits.

### Professional development

Develop and improve professional skills doing impactful work alongside passionate change makers.

### Non-Competitive Eligibility (NCE)

VISTAs earn federal non-competitive eligibility, which gives you an edge in the federal hiring process.
